

Welcome to ALL at ACC!

Thank you for joining the Association of Lifelong Learners, a volunteer-driven organization which is open to people of all ages.

ALL's mission is to sponsor, promote and encourage educational and enrichment experiences for the people of northeast Michigan; to provide community benefit by offering educational programs, activities and events both on and off the campus of Alpena Community College, covering a broad range of topics which provide intellectual stimulation beneficial to individuals and the community.

ALL has been enriching lives of people in northeast Michigan since 1998. That's quite a record; and it's all because of great people like you!

There are over 160 programs, tours, events and parties offered each year. As soon as possible after receiving it, simply fill in one of the Registration Forms which are inserted in quarterly Program Schedules. (You may add or delete selections as the semester progresses by calling the office at 358-7207. Early selection of programs is beneficial to record keeping.)

You can view photos of ALL events and download Program Schedules and newsletters at ALL's website: www.associationoflifelonglearners.org You may also wish to take a look at the Association of Lifelong Learners' page on www.Facebook.com

There are many ways to support Lifelong Learning such as by being a Presenter, serving as a program Coordinator, helping to set up for/clean up after an event or with monetary assistance . We hope you will contact ALL's office to find out how you can share your talents. We look forward to great learning experiences together. Thank you again for joining ALL!
